Subject: RE: Metra Survey Data
Date: Wednesday, August 7, 2019 1:51:24 PM

Thomas, Kathleen, and Angela,

I was hoping to obtain origin and/or destination data from the metra surveys. I was hoping to plot out the destination points downtown and determine the distances from each metra station to the work locations of the riders. I can work with excel data and/or Esri shapefiles.

I have worked with Metra data in the past and would be willing to share any of my results.

Let me know if you would like to discuss.

Thank you

Douglas J Jones | GIS Manager
